	;
APPROVAL OF STATE ENGIN	NEER
This is to certify that I have examined the foregoing application, and do l	nereby grant the same, subject to the
ollowing limitations and conditions:	
This permit to change the point of diversion	of the waters of an
nderground source as heretofore granted under F	·
	• • • • • • • • • • • • • • • • • • • •
subject to the terms and conditions imposed in s	i
ith the understanding that no other rights on t	
ffected by the change proposed herein. The wel	l shall be equipped
with a 2-inch opening, an air line and a weir or	other type of measur
levice at or near the well to facilitate the mea	surement and control
of the water. If well is flowing, a valve must	be installed and main
ained to prevent waste. The State reserves the	e right to regulate th
se of the water under this proposed change at a	any and all times.
	· · · · · · · · · · · · · · · · · · ·
he amount of water to be changed shall be limited to the amount which can	be applied to beneficial use, and no
exceedcubic feet per second	but not to exceed a
exceedcubic feet per second/ easonal duty of 4.0 acre-feet per acre of land	but not to exceed a irrigated.
